Din Ho
Software Engineer | Web Developer

ABOUT ME

A self-taught **Software Engineer / Web Developer** seeking an opportunity to contribute and learn at a tech company with global reach. I build the frontend of websites and web applications that are the first thing people see when they want to **interact** with your product, leaving users with the best first impression of you business.

WORK EXPERIENCE

Web Developer, ACR Glazing Contractors Inc. | Oakland, CA (Jun 2022 - Jul 2022)
- Designed, built, and launched a modern and interactive multi-page website for the clients with **WordPress and custom HTML/CSS**. The website is responsive and accessible on mobile devices. - Website
- Since launching, the number of monthly active visitors has increased to an average of **71 visitors** per month.
- Providing continuous support and updating the website to introduce new features and contents.

Medical Assistant, Golden Gate Spine | San Francisco, CA (Oct 2021 - Feb 2022)
- Introduced more than **120 new patients** to the spine surgeon and specialists through referrals.
- Monitored patients flow while answering phone calls, emails, charting, and scheduling.

Practice Coordinator, UCSF Mission Bay | San Francisco, CA (Jul 2021 - Oct 2021)
- Monitored patients flow while answering phone calls, emails, charting, and scheduling.

PROJECTS

Time Attask | HTML, JSX, CSS, Sass, JavaScript, Node.js, Vite.js, React.js (Apr 2023)
